

# Daddy's Little Star

© *Daddy's Little Star* written by Janet Bingham, illustrated by Rosalind Beardshaw

- 1** Colour in these foxes. Make them as colourful as you like!
- 2** With the help of an adult, carefully cut along the dotted lines around your foxes and the box below it.
- 3** When you've done that, turn the paper over and put a dab of glue on the end of the one of rectangles (where it says 'glue' here).
- 4** Stick this to the other end of the rectangle, creating a ring. Make sure that your character is facing outward and make sure you leave enough room to fit your finger!
- 5** Make as many finger puppets as you like so you have lots to play with and recreate the story of *Daddy's Little Star*!
